

Artisan GelEfex Metallic Gel Nail Polish – Product Instructions

You will need:

Artisan GelEfex Base Gel

Artisan GelEfex Chrome & Holographic Top Coat

Your choice of Artisan GelEfex Metallic Gel Nail Polish

LED Gel Nail Lamp

Instructions:

1. On clean hands, apply 1 coat of Artisan GelEfex Base Gel.
2. Cure 30 to 60 seconds under LED light.
3. Apply ONE VERY THIN coat of your choice of Artisan GelEfex Metallic Gel Nail Polish.

NOTE: Make sure to apply a very thin layer. Otherwise, gel polish will not cure properly.

4. Cure for another 30 to 60 seconds under LED light.
5. Apply a SECOND VERY THIN layer of your choice of Artisan GelEfex Metallic Gel Nail Polish if needed.
6. Cure again for another 30 to 60 seconds under LED light.
7. Apply ONE VERY THIN coat of Artisan GelEfex Chrome & Holographic Top Coat.
8. Cure for another 60 seconds under LED light.
