

Artisan EZ Dipper System | French Pink and White

Step-by-Step Instructions

IMPORTANT NOTICE:

- * **Always wipe brush of all products after every step** on a clean napkin to prevent brush from hardening.
- ****Do not double dip any of the brushes** back into their bottles without cleaning first on napkin.
- *****If your brush has hardened**, soak in Artisan 100% Pure Acetone Remover for 10-20 mins to restore to original condition.

1. Sanitize and prep nails with Artisan Equalizer.

2. Brush on a thin, coat of **Artisan EZ Dipper Prep – Step #1** on all nails.

3. Brush lightly one thin coat of **Artisan EZ Dipper Base – Step #2**. Wipe brush* before double-dipping**.

4. Use the **Artisan Dipping Powder Mold** to dip ONLY the free edge of the nail slowly at a 45° angle into **Artisan EZ Dipper White Powder** for a smile line. Tap off excess powder.

5. Now dip the same nail entirely into your **Artisan EZ Dipper Pink Powder**. Tap off excess powder. Repeat steps 3-5 for each nail.

6. Brush on one thin coat of **Artisan EZ Dipper Activator – Step #3** on all nails. Wipe brush* before double-dipping**. Note: Repeat steps 3-6 for more color coverage.

7. Brush on one thin coat of **Artisan EZ Dipper Top – Step #4** on all nails. Wipe brush* before double-dipping**. Wait until dry. Then buff all nails.

8. Brush on a second layer of **Artisan EZ Dipper Top – Step #4**, on all nails. Wipe brush* before double-dipping**. Dry for 1-2 mins.
