SECTION 1: IDENTIFICATION

Trade Name: Hospital Disinfectant
Chemical Name: Solvent Mixture
Use of Substance/Mixture: Solubilizer - Personal Care
Manufacturer:
Millenia Productions, LLC.
3819 N Toben St., Wichita, KS 67226
(316) 425-2500

Emergency Phone Number:
ChemTel Chemical Expert Assistance Hotline
Domestic: 1-800-255-3924
International: 01-813-248-0585
ChemTel: 365/24/7
Contract Number: MIS0007427

SECTION 2: HAZARD(S) IDENTIFICATION

GHS-US Classification
Flammable liquid. This product is classified as a hazardous substance and as dangerous goods according to the classification criteria of NOHSC and ADG Code (Australia).

Hazard Pictograms

Environmental hazards
Combustible dust

OSHA defined hazards

Label elements
Signal Word
Danger

Hazard Statements
H225 - Highly flammable liquid and vapor.
H319 - Causes serious eye irritation.

Signal word
Serious eye damage/eye irritation

Hazard statement
Specific target organ toxicity, single exposure

Prevention
Hazardous to the aquatic environment, acute

Response
P210 - Keep away from heat, open flames, sparks. - No smoking.
P233 - Keep container tightly closed.
P240 - Ground/bond container and receiving equipment.
P241 - Use explosion-proof electrical, lighting, ventilating equipment. P242 - Use only non-sparking tools.
P243 - Take precautionary measures.

Response
Toxic if swallowed. Causes severe skin burns and eye damage. Causes serious eye damage. Fatal if inhaled. May cause damage to organs. Very toxic to aquatic life with long lasting effects. May form combustible dust concentrations in air.

Prevention
Use only outdoors or in a well-ventilated area. Do not breathe mist or vapor. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Avoid release to the environment. Wear protective gloves/ protective clothing/eye protection/face protection. Wear respiratory protection.

Response
Collect spillage. If swallowed: Immediately call a poison center/doctor. If swallowed: Rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center/doctor. Specific treatment is urgent (see this label). Wash contaminated clothing before reuse. In case of fire: Use appropriate media to extinguish.

Prevention

Response
Dispose of contents/container in accordance with local/regional/national/international regulations.

Precautionary Statements
None known.
Precautionary Statements Continued:

Ingestion: If product is swallowed, may cause nausea, vomiting and/or diarrhea and central nervous system depression.

Eyes/Skin: The liquid may produce eye discomfort and is capable of causing temporary impairment of vision and/or transient eye inflammation, ulceration. The vapor is disconcerting to the eye. Splashes may cause severe eye irritation, possible corneal burns and eye damage. Moderately irritating to the eyes. Symptoms of overexposure may include redness, itching, irritation and watering. May be irritating to skin, especially after prolonged contact. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.

Inhalation: Vapors of this product may be moderately irritating to the nose, throat and other tissues of the respiratory system. Symptoms of overexposure can include coughing, wheezing, nasal congestion, and difficulty breathing. Inhalation of concentrated vapors can cause central nervous system depression (e.g., drowsiness, dizziness, headaches, nausea). Odor may give some warning of exposure, but odor fatigue may occur.

Symptoms of overexposure: Symptoms of skin overexposure may include redness, itching, and irritation of affected areas. Overexposure in eyes may cause redness, itching and watering. The product can cause allergic skin reactions (e.g., rashes, welts, dermatitis) upon prolonged or repeated exposure.

Acute Health Effects: Moderate irritation to eyes and skin near affected areas. Additionally, high concentrations of vapors can cause drowsiness, dizziness, headaches and nausea

Chronic Health Effects: The material may accentuate any pre-existing dermatitis condition. None known

Target Organs: Eyes, skin & respiratory system

Other Hazards: No additional information available

Unknown Acute Toxicity: No data available

SECTION 4: FIRST-AID MEASURES

First-Aid Measures
First-Aid Measures After Inhalation: Pre-existing dermatitis, other skin conditions, and disorders of the target organs (eyes, skin, respiratory system).
First-Aid Measures After Skin Contact: If irritation occurs & product is on the skin, rinse thoroughly with lukewarm water, followed by a thorough washing of the affected area with plenty of soap and water. Remove all contaminated clothing, including footwear and wash thoroughly before reuse. If irritation, redness or swelling persists, consult a physician immediately.
First-Aid Measures After Eye Contact: If product gets in the eyes, flush with copious amounts of lukewarm water for at least 15 minutes. Open and close eyelid(s) to ensure thorough irrigation. Seek immediate medical attention. If problem persists, seek immediate medical attention.
First Aid Measures After Ingestion: Remove victim to fresh air at once. If breathing stops, perform artificial respiration. Seek immediate medical attention.

Seek medical assistance for further treatment, observation and support if necessary.

SECTION 5: FIRE-FIGHTING MEASURES

Special Hazards Arising from the Substance or Mixture
Fire Hazard: This product is not a flammable liquid. However if involved in a fire, this product may ignite and decompose to form toxic gases (e.g., CO, CO2, NOx). Extinguish all nearby sources of ignition as vapors may travel and flash back.

Advice for Firefighters
Firefighting Instructions: First responders should wear eye protection. Structural fire fighters must wear full protective equipment and MSHA/NIOSH-approved self-contained breathing apparatus. If possible, prevent runoff water from entering storm drains, bodies of water, or other environmentally sensitive areas. If necessary, rinse contaminated equipment with soapy water before returning to service.
SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment and Emergency Procedures
Before cleaning any spill or leak, individuals involved in spill cleanup must wear appropriate Personal Protective Equipment.

For Non-Emergency Personnel
For small spills (e.g., <1 gallon) wear appropriate personal protective equipment (e.g., goggles, gloves). Maximize ventilation (open doors and windows) and secure all sources of ignition. Remove spilled material with absorbent material and place into appropriate closed container(s) for disposal. Dispose of properly in accordance with local, state and federal regulations. Wash all affected areas and outside of container with plenty of warm water and soap. Remove any contaminated clothing and wash thoroughly before reuse.

For Emergency Responders
For spills ≥ 1 gallon, deny entry to all unprotected individuals. Dike and contain spill with inert material (e.g., sand or earth).

Environmental Precautions
Use ONLY non-sparking tools for recovery and cleanup.

Methods and Material for Containment and Cleaning Up
Transfer liquid to containers for recovery or disposal and solid diking material to separate containers for proper disposal.

Reference to Other Sections
Remove contaminated clothing promptly and wash affected skin areas with soap and water. Keep spills and cleaning runoffs out of municipal sewers and open bodies of water.

SECTION 7: HANDLING AND STORAGE

Work & Hygiene Practices:
Avoid prolonged contact with this material. Avoid breathing the vapors generated by this product. Use in a well-ventilated location (e.g., local exhaust ventilation, fans). Wash exposed skin thoroughly with plenty of soap & water after using this product. If necessary, use a moisturizer after washing. Do not eat, drink, or smoke while handling this product.

Storage Conditions:
Use and store in a cool, dry, well-ventilated location (e.g., local exhaust ventilation, fans). Keep away from excessive heat, open flames, sparks, and other possible sources of ignition. Keep away from incompatible materials listed in Section 10. Do not store in damaged or unmarked containers or storage devices. Keep containers securely closed when not in use. Open slowly on a level, stable surface. Empty containers may contain residual amounts of this product; therefore, empty containers should be handled with care. As a precaution against exposure to the eyes, nose, throat and face, this product should not be stored higher than waist level.

Keep away from children at all times!

Incompatible Materials: Keep away from open flame.

Storage Area: Keep in cool dry area.

Special Rules on Packaging: Any special rules for packaging.

Specific End Use(s)
Hands and Feet
### Section 8: Exposure Controls/Personal Protection

#### Exposure Controls

<table>
<thead>
<tr>
<th>Engineering Controls</th>
<th>Use with adequate ventilation (e.g., local exhaust ventilation, fans). Ensure appropriate decontamination equipment is available (e.g., sink, safety shower, eye-wash station)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hand Protection</td>
<td>Required under normal conditions of use. However, may cause skin irritation in some sensitive individuals. When handling large quantities (e.g., ≥ 1 gallon), wear rub-</td>
</tr>
<tr>
<td>Eye Protection</td>
<td>Wear protective eyewear (e.g., safety glasses with side-shield) at all times when handling this product. Always use protective eyewear when cleaning spills or leaks. Contact lenses pose a special hazard; soft lenses may absorb and concentrate irritants</td>
</tr>
<tr>
<td>Skin and Body Protection</td>
<td>No apron required when handling small quantities. When handling large quantities (e.g., ≥ 1 gallon), eyewash stations and deluge showers should be available. Upon completion of work activities involving large quantities of this product, wash any exposed areas thoroughly with soap and water.</td>
</tr>
<tr>
<td>Respiratory Protection</td>
<td>No special respiratory protection is required under typical circumstances of use or handling. In instances where vapors or sprays of this product are generated, and respiratory protection is needed, use only protection authorized by 29 CFR §1910.134, applicable U.S. State regulations, or the Canadian CAS Standard Z94.4-93 and applicable standards of Canadian Provinces, EC member States, or Australia</td>
</tr>
<tr>
<td>Thermal Hazard Protection</td>
<td>Keep away from open flame</td>

### Other Information
No additional information available.
SECTION 10: STABILITY AND REACTIVITY

**Chemical Stability:** Relatively stable under ambient conditions when stored properly.

**Conditions to Avoid:** Exposure or contact to extreme temperatures, incompatible chemicals, strong light sources, sparks, flame.

**Hazardous Decomposition Products:** If exposed to extremely high temperatures, products of thermal decomposition may include irritating vapors and toxic gases (e.g., oxides of carbon & nitrogen).

SECTION 11: TOXICOLOGICAL INFORMATION

**Information on Toxicological Effects**

**Reproductive Toxicity:** This Product is not reported to cause reproductive effects in humans.

**Toxicity Data:**
This product has NOT been tested on animals to obtain toxicology data. There are toxicology data for the components of the product, which are found in scientific literature. These data have not been presented in this document.

**Acute Toxicity:**
See Section 2

**Chronic Toxicity:**
See Section 2

**Suspected Carcinogen:**
No

**Reproductive Toxicity:**
This product is not reported to cause reproductive toxicity in humans.

**Mutagenicity:**
This product is not reported to produce mutagenic effects in humans.

**Embryotoxicity:**
This product is not reported to produce embryotoxic effects in humans.

**Teratogenicity:**
This product is not reported to cause teratogenic effects in humans.

**Reproductive Toxicity:**
This product is not reported to cause reproductive effects in humans.

**Irritancy of Product:**
See Section 2

**Biological Exposure Indices:**
NE

SECTION 12: ECOLOGICAL INFORMATION

**Biodegradability:**

**Environmental Stability:**
The components of this product will slowly degrade over time into a variety of organic compounds. Specific environmental data available for the components of this product are available but are not presented in this MSDS.

**Effects on Plants & Animals:**
There is no specific data available for this product.

**Effects on Aquatic Life:**
There is no specific data available for this product. Releases of large volumes may be harmful or fatal to overexposed aquatic life. Aquatic toxicity data for components of this product are available, but are not presented in this MSDS.
SECTION 13: DISPOSAL CONSIDERATIONS

Dispose in accordance with all federal, provincial, and/or local regulations.

Waste Disposal:
Dispose in accordance with local, state and Federal hazardous waste laws.

Special Considerations:
U.S. EPA Characteristic Waste: D001 (ignitability)

SECTION 14: TRANSPORT INFORMATION

The basic description (proper shipping name, hazard class & division, ID Number, packing group) is shown for each mode of transportation. Additional descriptive information may be required by 49 CFR, IATA/ICAO, IMDG and the CTDGR

49 CFR (GND):
CONSUMER COMMODITY, ORM-D
UN1173, ETHYL ACETATE, 3, II (> 1.0 L)

IATA (AIR):
CONSUMER COMMODITY, 9, ID8000 (£0.5L)
UN1173, ETHYL ACETATE, 3, II (> 0.5 L)

IMDG (OCEAN):
UN1173, ETHYL ACETATE, 3, II, LTD QTY (£1.0L)
UN1173, ETHYL ACETATE, 3, II (> 1.0 L)

TDGR (Canadian GND):
MARK PACKAGE "LIMITED QUANTITY" or "QUANTITÉ LIMITÉE" or "LTD QTY" or "QUANT LTÉE" (£1.0L)
UN1173, ETHYL ACETATE, 3, II (> 1.0 L)

ADR/RI D (EU):
UN1173, ETHYL ACETATE, 3, II, ADR, LTD QTY (£1.0L)
UN1173, ETHYL ACETATE, 3, II, ADR (> 1.0 L)

MEXICO (SCT):
UN1173, ETHYL ACETATE, 3, II,
CANTIDAD LIMITADA (£ 1.0 L)

SECTION 15: REGULATORY INFORMATION

SARA Reporting Requirements:
NA
SARA Threshold Planning Quantity:
NA
TSCA Inventory Status:
All components of this product are listed in the TSCA Inventory or are exempt.
CERCLA Reportable Quantity (RQ):
SECTION 15: REGULATORY INFORMATION

Other Federal Requirements:
This product complies with the appropriate sections of the Food and Drug Administration’s 21 CFR subchapter G (Cosmetics).

Other Canadian Regulations
This product has been classified according to the hazard criteria of the CPR and the MSDS contains all of the information required by the CPR. The components of this product are listed on the DSL/NDSL. None of the components of this product are listed on the Priorities Substances List. Class B2 Flammable Liquid.

State Regulatory Information:
Ingredients in this mixture on found on the following state criteria lists:
- California OSHA Hazardous Substances List
- Delaware Air Quality Management List
- Massachusetts Hazardous Substances List
- Minnesota Hazardous Substances List
- New York List of Hazardous Substances
- Pennsylvania Hazardous Substances List
- Washington Permissible Exposure Limits for Air Contaminants
- Wisconsin Hazardous Substances List

67/548/EEC (European Union) Requirements
The primary component of this product is listed in Annex I of EU Directive 67/548/EEC:
Isopropyl Alcohol Flammable (F). R: 11-36-66-67 - Highly flammable. Irritating to eyes. Repeated exposure may cause skin dryness or cracking. Vapors may cause drowsiness and dizziness. S: 9-16-23-33 - Keep container in a well-ventilated place. Keep away from sources of ignition - No smoking. Do not breathe gas, fumes, vapor or spray. Take precautionary measures against static discharges.
Other Information:
Keep out of reach of children. Do not take internally. Store in a cool, dry place. Keep away from heat and open flame.

Terms & Definitions:
See last page of this MSDS.

Disclaimer:
This Material Safety Data Sheet is offered pursuant to OSHA's Hazard Communication Standard, 29 CFR §1910.1200. Other government regulations must be reviewed for applicability to this product. The information contained herein is reliable and accurate as of this date; however, accuracy, suitability or completeness are not guaranteed and no warranties of any type, either expressed or implied, are provided. The information contained herein relates only to the specific product(s). If this product(s) is combined with other materials, all component properties must be considered. Data may be changed from time to time. Be sure to consult the latest edition.
